AMMETER (MR-80) SQUARE Dial Moving Coil

Code: MR-80 GST: 18% Brand: AVAIN LABS

AVAIN LABS® AMMETER (MR-80) SQUARE Dial Moving Coil

Enhance the accuracy of your electrical measurements with the AVAIN LABS® Ammeter (MR-80) Square Dial Moving Coil Ammeter. Designed for precision, reliability, and long-lasting performance, this high-quality analog ammeter is ideal for laboratories, educational institutions, industrial control panels, electrical testing setups, and training workshops.

Featuring a clear 80 mm square dial (MR-80) and a sensitive moving coil mechanism, this ammeter delivers accurate DC current measurements with excellent readability. The robust construction ensures durability, while the easy-to-read scale allows users to monitor electrical current efficiently in various applications.

Key Features:

- High-precision Moving Coil Ammeter for accurate DC current measurement
- Large MR-80 Square Dial (80 mm) for enhanced visibility and easy reading
- Durable and reliable design for laboratory and industrial use
- Smooth pointer movement with excellent measurement stability
- Suitable for educational labs, electrical engineering projects, testing benches, and control panels
- Manufactured to meet quality standards for consistent performance

Applications:

- Physics and electrical laboratories
- Engineering colleges and technical institutes
- Industrial electrical testing
- Control panel instrumentation
- Research and development facilities
- Educational demonstrations and experiments

Choose the AVAIN LABS® MR-80 Square Dial Moving Coil Ammeter for dependable current measurement, superior accuracy, and professional-grade performance in laboratory and industrial environments.

Available models

Specifications	
Cat no.	AMMETER (MR-80) SQUARE Dial AVAIN LABS® Moving Coil |
AL-PY2-B3	DC with Desk Stand Range 0-1, 1.5 ,3, 5, 10Amp (Any one range) |
AL-PY2-B4	AC with Desk Stand Range 0-1 ,3 ,5Amp. (Any one range) |
AL-PY2-B5	DC with Desk Stand Range 0-15 and 0-25 Amp. (Any one range) |

Available models (3)

Cat. No.	Size	HSN
MR-80-S1	Small	
MR-80		
MR-80-S2	Large
