Dropping BOTTLE, Clear

Code: AL-255-1 GST: 18% Brand: AVAIN LABS

AVAIN LABS® Dropping BOTTLE, Clear

The AVAIN LABS® Dropping Bottle, Clear is high-quality laboratory glassware designed for the controlled dispensing and handling of liquid chemicals and laboratory reagents. Manufactured from Borosilicate 3.3 glass, this clear dropping bottle offers excellent chemical resistance and is suitable for handling a wide range of laboratory chemicals, including corrosive substances.

The bottle complies with ISO DIN 4796 Type 1 requirements and features an interchangeable ground joint at the neck. It is supplied with an interchangeable ground-joint dropper and rubber teat, providing convenient and controlled dispensing of liquids during laboratory procedures.

The bottle features white-ink graduations/printing on the wall for easy reading and identification of contents or measurements. Its clear glass construction also provides good visibility of the liquid inside.

Key Features

- Complies with ISO DIN 4796 Type 1
- Manufactured from Borosilicate 3.3 (Boro 3.3) glass
- Chemically resistant glass suitable for laboratory chemical handling
- Suitable for handling corrosive chemicals
- Supplied with an interchangeable ground-joint dropper
- Includes rubber teat for convenient liquid dispensing
- Bottle neck features an interchangeable ground joint
- Clear glass construction provides easy visibility of contents
- White-ink printing on the bottle wall for easy reading
- Suitable for laboratory, educational, research, and industrial applications

Applications

The AVAIN LABS® Clear Dropping Bottle is suitable for dispensing liquid reagents, chemical solutions, laboratory chemicals, indicators, and other liquids where controlled dropwise delivery is required.

It is ideal for use in chemistry laboratories, pharmaceutical laboratories, research laboratories, educational institutions, quality-control laboratories, analytical laboratories, and industrial testing facilities.

The combination of Borosilicate 3.3 glass, chemical resistance, interchangeable ground-joint components, and a rubber teat makes this dropping bottle a practical choice for routine laboratory liquid handling and reagent dispensing.

Ideal For

- Chemistry Laboratories
- Analytical Laboratories
- Pharmaceutical Laboratories
- Research & Development Laboratories
- Educational Institutions
- Quality Control Laboratories
- Industrial Testing Laboratories
- Chemical Testing Facilities
- Scientific Research Laboratories

Technical Specifications

Specifications	
Product Name	AVAIN LABS® Dropping Bottle
Color	Clear
Glass Type	Borosilicate 3.3 Glass
Standard	ISO DIN 4796 Type 1
Chemical Resistance	Yes
Neck	Interchangeable Ground Joint
Dropper	Interchangeable Ground-Joint Dropper

Closure/Dispenser	Rubber Teat
Marking	White-Ink Printing
Application	Controlled Liquid & Reagent Dispensing
Model No.	Capacity (ml) | Pack of | Price-Pcs.

Available models (4)

Cat. No.	Capacity (ml)	Pack of	HSN
