LIVER MODEL

Code: W-2501 GST: 18% Brand: AVAIN LABS

- Lightweight, durable, and easy to handle
- Easy to clean and maintain
- Ideal for repeated classroom and laboratory demonstrations
- Suitable for medical education and clinical training

Anatomical Structures Displayed

- Right Lobe
- Left Lobe
- Caudate Lobe
- Quadrate Lobe
- Gallbladder
- Common Hepatic Duct
- Common Bile Duct
- Cystic Duct
- Portal Vein
- Hepatic Artery
- Inferior Vena Cava
- Liver Surface Anatomy

Technical Specifications

Applications

- Medical Colleges
- Nursing Colleges
- Anatomy Laboratories
- Biology Laboratories
- Hospitals
- Healthcare Training Institutes
- Universities
- Schools & Educational Institutions
- Patient Education
- Research Laboratories

AVAIN LABS® LIVER MODEL

The AVAIN LABS® Liver Model is a premium-quality anatomical teaching aid designed to provide a detailed understanding of the structure and anatomy of the human liver. Crafted from high-quality, durable PVC and hand-painted with realistic anatomical detailing, this model is ideal for medical colleges, nursing institutions, hospitals, universities, biology laboratories, and healthcare training centres.

The model accurately illustrates the external morphology and internal anatomical features of the liver, making it an excellent educational tool for studying liver anatomy, physiology, and hepatobiliary structures. It clearly displays the right and left lobes, caudate lobe, quadrate lobe, gallbladder, hepatic ducts, portal vein, hepatic artery, and bile duct, enabling students and healthcare professionals to gain a comprehensive understanding of liver function and related organs.

Mounted on a stable base, the AVAIN LABS® Liver Model is suitable for classroom demonstrations, laboratory practicals, patient education, and medical training. Its robust construction ensures long-lasting use while maintaining anatomical accuracy.

Key Features

- Premium-quality human liver anatomical model
- Realistic representation of liver anatomy
- Displays major liver lobes and hepatobiliary structures
- Hand-painted with accurate anatomical detailing
- Manufactured from durable, high-quality PVC
- Mounted on a sturdy base for stable display

Specifications

Brand	AVAIN LABS®
Product	Human Liver Model
Material	High-Quality PVC
Type	Anatomical Teaching Model
Mounting	Stable Base Included
Finish	Hand-Painted
Construction	Durable & Washable
Usage	Educational & Medical Training
