SCREW GAUGE (Micrometer) L.C. 1/100mm 10mm AL-PY295-1

Code: AL-PY295-1 HSN: 9017 GST: 18% Brand: AVAIN LABS

SCREW GAUGE (Micrometer) L.C. 1/100mm 10mm AL-PY295-1

AVAIN LABS SCREW GAUGE (Micrometer) L.C. 1/100mm 10mm AL-PY295-1

The AVAIN LABS Screw Gauge (Micrometer) AL-PY295-1 is a precision instrument designed for measuring small dimensions like thickness and diameter. It offers a least count of 0.01 mm and a measuring range of 0–10 mm.

With a durable metal body, smooth operation, and ratchet mechanism for accurate readings, it is ideal for physics labs, workshops, and educational use.

Available models:

You are requested to select the appropriate range prior to placing your order

Key Features:

- Least Count: 0.01 mm (1/100 mm) for precise measurement
- Measuring range: 0–10 mm
- High-accuracy micrometer screw gauge
- Smooth thimble rotation with ratchet for consistent pressure
- Durable and robust metal construction
- Ideal for physics labs, engineering workshops, and educational use
- Suitable for measuring wire diameter, sheet thickness, and small components

Available models (6)

Cat. No.	Model / Size	HSN
AL-PY295-1	10mm	9017
AL-PY295-2	15mm	9017
AL-PY295-3	20mm	9017
AL-PY295-4	25mm	9017
AL-PY295-5	Screw Gauge 25mm (Digital)	9017
AL-PY295-6	Screw Gauge 25mm (All Brass)	9017
