Weighing BOTTLE Squate Form

Code: AL-236 GST: 18% Brand: AVAIN LABS

AVAIN LABS® Weighing BOTTLE Squate Form

The AVAIN LABS® Weighing Bottle – Squat Form is laboratory glassware designed for accurate weighing, sample handling, drying, moisture determination, and analytical laboratory applications. Manufactured from Borosilicate 3.3 glass, these weighing bottles offer chemical resistance and mechanical strength for demanding laboratory environments.

The squat-form design provides a short and compact configuration, making the bottle convenient for laboratory weighing and sample preparation procedures. Its borosilicate glass construction offers excellent resistance to many chemicals and provides reliable performance for routine laboratory applications.

Key Features

- Complies with ASTM 438, Type 1 specifications
- Manufactured from Borosilicate 3.3 glass
- Chemically resistant glass construction
- Short-form / squat-form design for convenient laboratory use
- Mechanically strong construction for durability
- Suitable for analytical and laboratory weighing applications
- Designed for sample handling, drying, and moisture determination
- Suitable for educational, research, quality-control, and industrial laboratories

Applications

The AVAIN LABS® Squat Form Weighing Bottle is suitable for analytical weighing, sample preparation, drying samples, moisture determination, laboratory testing, and chemical analysis.

It can be used in chemistry laboratories, pharmaceutical laboratories, food testing laboratories, research institutes, educational laboratories, quality-control laboratories, and industrial testing facilities.

The combination of Borosilicate 3.3 glass, chemical resistance, mechanical strength, and compact squat-form construction makes this weighing bottle suitable for a wide range of routine laboratory applications.

Ideal For

- Chemistry Laboratories
- Analytical Laboratories
- Pharmaceutical Laboratories
- Food Testing Laboratories
- Research & Development Laboratories
- Quality Control Laboratories
- Educational Institutions
- Industrial Testing Laboratories
- Scientific Research Facilities

Product Specifications

Available models

Specifications	
Product Name	AVAIN LABS® Weighing Bottle
Form	Squat / Short Form
Glass Type	Borosilicate 3.3 Glass
Standard	ASTM 438, Type 1
Chemical Resistance	Yes
Mechanical Strength	High
Applications	Weighing, Sample Handling, Drying & Moisture Determination
Model No.	O.D. x Ht. (ml) | Form | Pack of | Capacity (ml)

Available models (7)

Cat. No.	O.D. x Ht. (ml)	Form	Pack of	Capacity (ml)	HSN
AL-236A	40x30mm	Squat Type	10	20ml	
AL-236B	50x35mm	Squat Type	10	25ml	
AL-236C	60x40mm	Squat Type	10	40ml	
AL-236D	50x50mm	Squat Type	10	50ml	
AL-236E	50x25mm	Squat Type	10	20ml	
AL-236F	50x35mm	Squat Type	10	35ml	
AL-236G	60x30mm	Squat Type	10	40ml
